## **DETAILED ACTION**

### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Allowable Subject Matter***

2. Claims 1-4 are allowed.
3. The following is an examiner's statement of reasons for allowance: No prior art has been found to disclose or suggest, in combination, "an image reading apparatus for reading image data representing the image from the sheet after the sheet having the radiation image recorded therein is set in the reading apparatus; the identification information registration terminals, the image display means, and the image data reading apparatus being connected by a network, wherein the image data reading apparatus automatically transfers the image data read from the sheet to the one image display means among the plurality of image display means corresponding to the identification information registration terminal which registered the identification information of the sheet," as recited in base claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

U.S. Patent 5,546,473 (Buytaert et al.) discloses an interactive processing method for radiographic images.

U.S. Patent 6,370,229 (Tsuchino et al.) discloses a radiation image reading system and method.
